

GOTTA MATCH THEM ALL!

Poster Matching Game @ NetSci2025

Each **participant** gets a small graph on their badge.
Each **poster** board has a graph pinned next to it.

Your goal?

Find *isomorphic matches* — graphs that are structurally the same — among posters and other participants.

Prizes await the top match collectors!

NetPlace

HOW TO PLAY

REGISTER

Sign up to take part in the game. Fill your information just once, in this case we can find you if you win!

PLAY

Log every match you find (poster or person) using graph IDs. The more matches, the better your chances of winning!

VOTE

Vote for your favorite posters using their graph IDs. The most voted posters will compete for the Best Poster Award!
